(Not Used)

22.2 INTRODUCTION

This Section contains the Contractor Design and Provide general requirements for weather covers on equipment throughout the Vessel.

For WSF Fleet-wide Standardization purposes, End No. 1 of the Vessel shall always be considered the bow, and this designation shall delineate port and starboard, fore and aft wherever they are addressed in the Technical Specification.

22.3 GENERAL

The Contractor shall provide weather covers for all lifesaving equipment, deck machinery, equipment controls, and exposed motors mounted on Weather Decks or stowed in the weather, and not otherwise protected by watertight enclosures.

See Section 22 of the Technical Specification for additional cover requirements for the anchor winch.

22.4 COVERS

Covers shall be of waterproof, vinyl covered nylon cloth (color shall be approved by the WSF Representative). The material shall be of at least eighteen (18) ounce weight and be complete with grommets, hooks, eyelets and lashings. Suitable reinforcement shall be fitted at all points subject to wear and abrasion. The covers shall fit neatly without wrinkles or pockets. All covers shall identify the equipment covered and the Vessel's name stenciled on the cover.

22.5 SPARE PARTS AND INSTRUCTION MANUALS

Provide a list of recommended spare parts and special tools for those items which are Contractor furnished, together with parts lists and instruction manuals necessary to maintain and service provided equipment and accessories in accordance with the requirements of Sections 86, 100 and 102 of the Technical Specification.

22.6 TESTS, TRIALS AND INSPECTIONS

Tests and/or trials shall be in accordance with Section 101 of the Technical Specification.

Inspections shall be performed as defined in this Section and in Sections 1 and 2 of the Technical Specification.

22.7 PHASE II TECHNICAL PROPOSAL REQUIREMENTS

The deliverables required by Section 100 of the Technical Specification and the Authoritative Agencies, shall be provided during the Phase II Technical Proposal stage of Work in accordance with the requirements of Section 100 of the Technical Specification.

22.8 PHASE III DETAIL DESIGN AND CONSTRUCTION REQUIREMENTS

The following list and samples documentation, in addition to other deliverables required by Section 100 of the Technical Specification and the Authoritative Agencies, shall be provided during the Phase III Detail Design stage of Work in accordance with the requirements of Section 100 of this Technical Specification:

A. List of all items requiring weather covers

B. A sample of the materials and workmanship proposed for the weather covers. This sample shall include proposed colors, samples of seams and stitching, grommets, hooks, eyelets and lashings.

See Section 100 of the Technical Specification for additional requirements regarding technical documentation.
